

Thank you for your prayers, encouragement and support over the past year, as you invest in eternity with us. We are so privileged to be able to pour ourselves into this ministry. Without you, we could not continue. We hope you understand how vital you are to us!!

Ministry Highlights: Troy is nearing completion of the video components of *By This Name—Interactive Edition*. These video segments are so helpful to teachers as they seek to communicate the gospel message clearly. We will be thrilled when it's available to ministry workers worldwide. Troy also serves on several boards and committees and in his "spare" time, he is the go-to tech guy.

In the winter, Troy will travel to Israel and Germany with a small team. In Israel, the team will meet with the Israeli Bible Society to discuss various projects, as well as capture video. In Germany, Troy will meet with our German co-workers as part of his role on the Board of Directors of GoodSeed Germany and do some video work there as well.

This year, we decided to home-school our children part-time and send them to a small Christian school the other days. This allows Naomi to help in the office with proofreading (a huge need with so many publications going out!). She is also assisting in the development of a number of new evangelistic booklets. They are in the planning stages, but the potential is great, both in the English-speaking world and around the globe as these booklets eventually get translated. She still helps out as needed in the area of hospitality as well. All told, we are a busy household!

Story Time: We receive many wonderful stories every week. Here are two:

From a fellow in Germany who has now guided over 150 people through our materials: *"...we really need books here... I would really like to have Turkish, Farsi and all other languages available. We need Chinese and Russian and English... Where could we get books in high numbers?... I need Farsi, Hindi and maybe soon also Syrian. Where could we get which books?"*

From a young man who was recently given the book *By This Name*: *"I have been reading the book you gave to me; it has really changed my life. I wish my friends were able to experience what I did at the sports camp. I have one friend who does not believe in God and only wants to believe in what he can understand. I have gotten him a bit more towards following Christ. I still make references to what you talked about at camp... it has helped me FINALLY understand what they talk about in church."*

Please thank the Lord with us:

- ③ Major inroads in Thailand, with our Thai materials being handed out at Nic Vujujic "Life Without Limbs" and Franklin Graham events.

Family Life: Ellie (8) is our very imaginative, outgoing & passionate girl. She loves to make up stories and has a deep curiosity about science, history and the Bible.

Adelaine (almost 7) is our hard worker. Though on the young side in school and very small for her age, she is a determined, persevering little girl who isn't easily daunted.

Ethan (5) is doing very well in kindergarten. He is thrilled to be in a class of two other boys and is very happy that he can now "keep up" with his sisters. He's a very bright and affectionate boy.
